

Mac And Rory Grammar Stories

The Imperative (Don't Be So Bossy!)

Mac is sleeping after a big lunch.

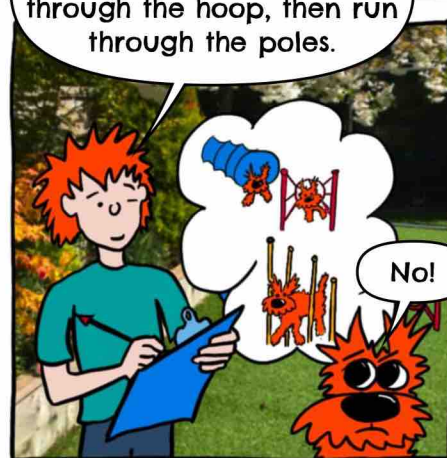

Suddenly...

Mac, wake up! You, my friend, are going to do an agility course!

What?

Right, Mac, go through the tunnel, jump through the hoop, then run through the poles.

No!

What do you mean, "no"? Hey, don't get angry.

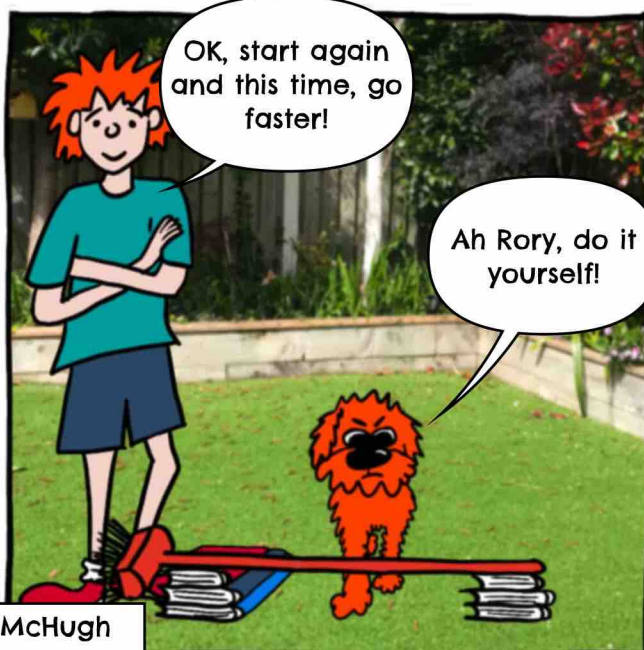

Well, don't be so bossy then!

OK, ...please Mac, jump over the brush.

OK! Move out of the way please!

OK, start again and this time, go faster!

Ah Rory, do it yourself!

Come over here and sit down! Let's play football instead.

And Rory, let's not do agility training again, OK?
